

UTAH DUAL LANGUAGE IMMERSION

Providing a world of opportunities for students.

Dear Utah Portuguese DLI Parents and Students,

The Utah Portuguese DLI team has decided to continue its partnership with the Brazilian company *Elefante Letrado*, providing student access to online readers in Portuguese. The program was paid for by Startalk funds and will be available to all Portuguese DLI students from now until the end of August 2017.

Elefante Letrado is a Brazilian company and website which offers online readers/books leveled from A to Z. By clicking on the American flag in the top left corner of the home page, the site is accessible in English, but the books remain in Portuguese. Students can read books, listen to recordings of the books, and complete optional quizzes about the books. Teachers can monitor the books students read and check their progress. At our request, *Elefante Letrado* has made several updates to the website over the summer, increasing the safety of the platform and the privacy of students online. However, we also ask that parents use care in supervising their children online. *For questions and concerns relating to Elefante Letrado, teachers and parents should contact the company directly at suporte@elefanteletrado.com.br.*

Each student has a username and unique password (provided below), which provides access to the website and virtual library. We ask parents to encourage their students to use the program and take advantage of this opportunity to improve their reading skills in Portuguese. Other Portuguese online activities can be found on our website under the Students tab at <http://utahportugueseimmersion.org/students/>.

Thank you for your continued support,

Jamie Leite
Utah Portuguese DLI Director
